

THE NEW

Universal Sub-Base

- This Sub-base is manufactured from high quality aluminium and will fit to most popular routers to enable standard guide bushes to be used. (Please see the compatibility chart below.)
- It will accommodate guide bushes with an outside diameter of 68mm and 60mm.
- Comes with an alignment kit allowing accurate concentricity between the sub-base and router.

USING SLOT A AND SLOT B

BOSCH - POF52,400,500A,600ACE
FELISATTI - TP246(E)
HITACHI - FM8,ZK2008
MAKITA - 3620,3612BR,3600B
MAKITA - 3612(C)
METABO - OF1028,1612,OFE1229,1812
PEUGEOT - DEF570E,DF55E
RYOBI - RE600N,R600N,RE601
RYOBI- R150,151,RE120,155K
SPARKY - X52E

USING SLOT A AND HOLES 3

ATLAS COPCO - OFSE2000
CASALS - FT750,1000E,2000VCE
FREUD - FT1000(E),2000E

USING SLOT A AND HOLE 4

BOSCH - GOF1600,1700ACE
DEWALT - DW620,621,625EK
ELU - OF97(E),MOF177(E),131,98,77,96(E) MK2,69
FELISATTI - R346EC
PERLES - OF808(E) post 1999
TREND - R500

USING HOLES 2

HITACHI - M12V,M12SA
HITACHI - Tr12

USING HOLES 5

HITACHI - M8V2
