

Barley Twist Cutters

TCT Barley Twist Cutters

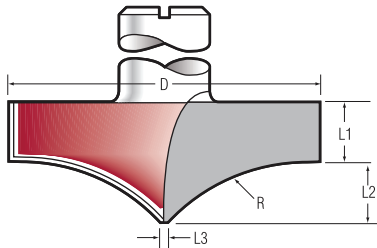

BTC1

n.max
18,000

A range of cutters which are ideal for producing barley twist designs for chair legs and pilaster fluting. Can also be used for edge profiling. Please also see the GC and the Ogee range for alternative cutters that may be used for fluting on page 31 and 41 respectively.

Order Ref. No.	Dmm	L1mm	L2mm	R1mm	R2mm	8mm	Shank 12mm	1/2"
